

## Cohutta Springs Coronavirus Response

Welcome back to Cohutta Springs! We are looking forward to your upcoming stay with us. In response to the COVID-19 pandemic and updated government guidance, we have taken specific measures to assure our guests that their safety and health is our number one priority.

### Prevention Measures

- Employees must wear a face mask at all times during their shift.
- Guests are encouraged to wear face masks and must maintain social distancing of at least 6 feet in public areas.
- Required health screenings for employees and guests upon arriving to the property. No one will be allowed to remain on the property if they have a cough, fever, or other symptoms.
- Special safety panels have been installed at the front desk, and the check in process has been modified to a contactless procedure.
- Seating in all dining and common areas has been re-arranged to follow social distancing guidelines.
- Visual aids for social distancing, hand washing, and other health practices have been implemented across campus.

### Cleanliness Measures

- The property has been deep cleaned and sanitized prior to your arrival.
- Modified housekeeping operations, including changes to laundering and motel room cleaning processes.
- Increased sanitization frequency in high-traffic areas.
- Additional hand sanitizer stations throughout the main lodge and at food distribution areas.
- Guest rooms will remain vacant for a minimum of 24 hours in between guests.

### Reducing Contact Measures

- Modified dining and serving operations designed to minimize touch points.
- For maintenance and housekeeping requests, motel rooms will be vacated by the guest while the requested task is completed.
- Touchless check-in and check-out procedures at the front desk.

Thank you for continuing to choose Cohutta Springs. If you have any further questions about Cohutta Springs coronavirus precautions, please call us.

All procedures are subject to change based on CDC guidelines, as well as all Georgia State Government authorities.
